PROFILE

A recent B.Sc Computer Science graduate with a strong foundation in programming, web development, and problem-solving. Passionate about technology and innovation, I am eager to apply my academic knowledge and internship experience to real-world software development challenges. Proficient in front-end and back-end technologies, with hands-on experience in building dynamic web applications. I am enthusiastic about continuous learning and committed to contributing effectively to team-driven and individual projects in a professional environment.

SKILLS

- **Web Technologies:** HTML, CSS, Bootstrap, React.js, Node.js, Express.js
- **Programming Languages:** C, C++, Java, Python, JavaScript
- **Database Management:** SQL, MongoDB
- **Others:** Git, Github

PROJECTS

Blood Donation Web Application

04/2024

- Developed a blood donation portal with separate logins for donors and blood banks.
- Donors could request and donate blood using a styled, user-friendly form.
- Blood banks managed requests and updated real-time blood availability.
- Used modular React components and responsive Bootstrap design.

Clinic Appointment Management

06/2025

- Built a Clinic Appointment System using React.js.
- Patients can book and view their appointments.
- Doctors can approve or reject appointment requests.
- Used multi-step forms, clean UI, and responsive design.

EDUCATION

B.Sc(Computer Science)

06/2022 – 03/2025

Government Arts College - Paramakudi
Percentage: 71%

HSC

03/2021 – 05/2022

Ayira Vaisya Higher Secondary School - Paramakudi
Percentage: 83%

INTERNSHIP

Frontend Development

12/2024 – 03/2025

Kevell Guru

Madurai

- Completed an internship focused on HTML, CSS, JavaScript and ReactJs.
- Built one main project and three mini projects during the internship.
- Gained hands-on experience by developing dynamic and responsive websites

DECLARATION
